WEDNESDAY AFTERNOON, MAY 5.

Prejudice.

What a cruel thing is Prejudice! Its essence is injustice, and it therefore works evil and only evil among men. What mountain barriers it interposes between men, who otherwise would be friends! It distorts the mental vision and warps the judgment of the *best*. How few are free from its poisoning influence! Probably we have suffered more from this cause, than almost any person of our age. And for no other reason than that we hold in sincerity, in application to *all* men, principles which our bitterest opponents admit and insist on, in their application to all *white* men. We believe *rights* grow out of *manhood*, and belong to men, *because they are men*. They believe practically, that rights depend on complexion, and belong to men because they are *white*. And because we maintain the brotherhood of the whole race, and affirm that "God is no respecter of persons," men who call themselves intelligent, respectable, civilized, and, we suppose, Christian, denounce us, oppose us, hate us, and, if they could, would crush us. We pity them, and wish them a speedy riddance of that monster prejudice, which prevents their seeing anything tolerable in those who disagree with them, in political or religious opinions.

The truths of the Declaration of Independence—but human formulas of Divine Revelation—are the glory of this Republic. Its doctrine of universal, all-embracing Liberty, embodied in its constitutional charters, is its pillar of cloud by day and its pillar of fire by night to the watching nations, as it sweeps the cycle of the passing years. The dark spot in its firmament, is the exception to its creed of Universal Freedom, out-written in the sky of half the Union, denying the truths of nature and of God, mocking the altars of the free, and overspreading the glory of men and angels, with the shame of the Universe. We would have glory instead of shame, and light in the place of darkness, the heritage of the whole Union. We invade no constitutional rights. We proclaim no new truths. We utter only that which was true when Time began, the denial of which has filled our world with woe, for almost six thousand years. Living in a State which scouts Slavery by its organic law, is it not strange that we may not advocate Freedom and oppose Slavery, by peaceful and constitutional means, without incurring the reproaches and curses of professed Republicans?

But Prejudice—cruel, vindictive, and unreasonable as it always is, whether of a feebler or a ranker growth—is not invincible. Truth is stronger than Prejudice. Freedom is mightier than Slavery, and will at last overcome it, and fill the place of its blighting curses and perpetual violence, with the blessings of perrennial plenty and peace. When that day dawns, the mists of Prejudice against the earnest advocates of Freedom will disappear. When the sun shall rise upon an emancipated Republic, and not a slave shall be found to clank his chain upon the soil of the United States, the despisers and revilers of Free Soilers will find their places on the historic record. And the friends who have toiled, and suffered reproach for the right and the true and the free, will find theirs.

Will not that be a glad day, when freedom shall be the heritage of all? Then will the sun shine with a brighter radiance, and the earth put on a fresher green, to cheer and bless the sons of labor. And the primal anthem will be waked again, from hill-top and mountain and valley, and be echoed back from heaven to earth, as in the first Hymn of Creation, when "the morning stars sang together, and all the sons of God shouted for joy."

FINANCIERING.—Certain Editors have discovered that Governor Farwell knows nothing about financial matters. As they have made large accumulations—the Editors of the Madison *Democrat*, and the *Commercial's junior*, for instance—while the Governor has but just been able to keep soul and body together, their success, contrasted with his failure, proves that they are as wise as he is ignorant in financial science. We do like to see knowledge diffusing itself. Let the wisdom of the *Commercial* and *Democrat*, then, run and be glorified!

☞ The Maryland Legislature, for the last twenty years, has made an annual grant of $10,000 for the support of the State Colonization Society. This annuity has now terminated by its own limitation, but will perhaps be revived at the next session of the Legislature. This Society, during these twenty years, at a cost of $200,000, has transported to Liberia 1,010 colored emigrants, purchased a tract of land, and erected a few public buildings.

INDIAN POPULATION.—The National Intelligencer says the entire number of Indians inhabiting all parts of our country amounts to about 518,000. Of this number, 49,000 are said to inhabit the unexplored territories; 24,100 belong in New Mexico; 32,231 in California; 22,733 in Oregon; and 11,500 in Utah. Many of the New Mexican Indians are civilized, and have fixed habitations and towns.

☞ Notary Publics have been abolished in Ohio by an act of the Legislature.—*Ex. paper.*

That is capital punishment with a vengeance. Perhaps, however, it is only the *office* of Notary Public that is abolished.

CIVILITY.—The Hunker presses generally feel at perfect liberty to treat editors who can not swallow the Slave Law platform and say they love it, with incivility and boorishness. Take the following remarks of the Green Bay Advocate on the visits of Messrs. Wells and Densmore, as a specimen:

"*Editors Abroad.*—On Tuesday last, Mr. Wells, the good-natured editor of the Marquette Mercury, paid us a visit. On Wednesday, we had the pleasure of a call from the accomplishing and handsome editor of the Oshkosh Democrat, Mr. Densmore. Mr. D. expressed himself much pleased with the appearance of our town, and will probably give it a 'favorable notice,' as we learn he came among us for the purpose of 'taking notes.'"

☞ The *Christian Era*, published at Chicago, is one of the most truthful and independent religious papers in the country. Its Editor is a sincere, earnest man, who looks upon life as a *reality* and no *sham*. He is kind and conciliatory, but faithful, and makes no compromises with wrong. He is a clear and vigorous writer, who uses the English language to convey and enforce ideas. The paper has been issued thirty-six weeks and has increased in interest and vitality. It teaches a religion allied to humanity, and recognizes the supremacy of God and the equality of man. We wish the Christians of Wisconsin, of the Congregational denomination, would patronize this paper. It would be life and marrow to their bones.

THE HARRISON.—The steamer Harrison met with an accident between Chicago and Waukegan, yesterday, which much disabled her. She was seen drifting about nearly all day, and was for some time supposed to be the Minnesota. At the latest accounts the Harrison was working her way into Waukegan.

Give the Girls a Chance.—An effort is now being made to establish in Albany, N. Y., a State University on a plan more extensive than that of any of our existing Colleges. The New York *Tribune* likes the main idea, but objects to some of the details. It goes for giving the girls an equal chance with the boys. It says:

"In such a University, we should insist that equal, though not necessarily identical opportunities be afforded to the sexes. Hitherto our public efforts, in behalf of liberal Education have been most unjust to Woman. It is a fatal misnomer to style a seminary for but one-half of the rising generation a University. The wrong involved in our partial system invokes an appropriate punishment. The absence of Woman's refining and chastening influences, and of any stated requirement of Manual Labor, combine to fill our colleges with revolting sensualities and ruinous vices, which her presence would surely and naturally banish. Woman has too long been excluded from our highest seminaries, where her presence would be a perpetual and powerful plea for Purity, Gentleness and Honor."

We are delighted to see a paper so influential as the Tribune dropping into the public ear truths like these. They will yet win their way to the hearts of the people.

☞ The Brig L. A. Blossom, which sank in the Detroit river near Malden, last fall, has been raised and towed into Detroit. She had on board 10,000 bushels of corn.

Utah Settlements.—The Message of Gov. Brigham Young, communicates to the Legislature of Utah the following information:

"During the past year the settlements have continued to extend, until the line now reaches from near Bear River on the north, to within about twenty-five miles of the southern rim of the Great Basin, a distance of three hundred miles. With the exception of a few of the Indians on Mary's River, peace prevails among all the tribes towards the whites. The practice of purchasing Indian children for slaves is being carried on by the Mexican population of New Mexico and California. This traffic has been extended into Utah, in spite of efforts to prevent it.—Commissioners have been appointed to select a more central site for Government, and they have fixed upon Pauvan Valley. The new Capital is to be called Fillmore City. The University is in successful operation, under the direction of the Chancellor and a Board of Regents, and Legislative aid to it is recommended.

Expenses of the Army.—The army of the United States, consisting of 10,000 men, all told, costs the Government $10,000,000, a year, or $1000 per man, and for the coming year $1,000,000 is demanded for travelling expenses, in addition to the $1,000,000 appropriated to that purpose last year, thus giving each soldier $200 a year to travel with.

A St. Louis paper estimates that if the comparative expenses of European armies equalled that of the United States, Austria and France would, in a profound state of peace, have each about $400,000,000 to pay for army expenses alone; and in the semi-warlike state in which these countries constantly are, it would cost at least $100,000,000 each besides. The army of England would cost $200,000,000; that of Russia $800,000,000 or $1,000,000,000; and even the small state of Piedmont $50,000,000.—That there must be corruption or wretched mismanagement is evident. But even supposing the expenses of the United States army could be reduced one-third, still the heavy expenditure to the country caused by a standing army, however small, and even in a profound state of peace, may be gathered from these figures.

A Comparison, Drawn by Woman and Oxen.—The Rev. Ephraim Judson, a clergyman in Norwich city, Conn., in 1771, was an exceedingly quaint and original preacher.

Remarking at one time upon the excuse made by the guests invited to the wedding feast, he observed that the one who had bought five yoke of oxen simply entreated to be excused, while the one who married a wife, absolutely declared that he could not come. "Hence learn," said the preacher, "that *one woman can pull harder than five yoke of oxen.*"

Delicate Flattery.—Mrs. Bloomer, (wife of President Fillmore's Postmaster at Seneca Falls, and inventress of the new style of dress for ladies) appeared at the late Temperance Convention in Rochester, in *Silver Grey trousers* and turban, which latter she changed in the street to a white beaver hat.—*Buff. Rep.*

Cincinnati, May 3.

The Indiana Legislature have killed the Maine Liquor Law by a sweeping majority in both Houses; and passed a bill appropriating $5000 to aid the colonization of free negroes from this State.

The Printer's National Convention assembled this A. M. at 10 o'clock and after some preliminary business, permanent officers were appointed.

Washington, May 4.

The Intelligencer says that Chevalier Hulsemann left Washington yesterday to return to Vienna. Prior to his departure he addressed official notes to Secretary Webster and to the Diplomatic Corps. Their purport is unknown, but his departure is supposed to be final.

Senate.—A letter from the Secretary of War, in answer to the resolution of inquiry whether officers of the Army had received greater compensation than allowed, stated that no such abuse existed.

Mr. Hale said the report was presented in reply to a resolution offered by himself. He read the answer of the Secretary, and expressed himself satisfied that there was no foundation for the charge.

Mr. Sumner presented a resolution from the Legislature of Massachusetts in favor of French Spoliation bill, and the Sault St. Mary Ship Canal.

Mr. Hamlin announced the death of Chas. Andrews of the House, member from the 4th District of Maine, and thereupon passed a feeling eulogy on his character.

House.—After usual morning business, Mr. McDonald announced the death of Mr. Andrews, whereupon the usual resolution was passed.

Mr. Clay's conditions is now entirely hopeless. He is sinking very fast, and it was feared, last night, that he would not survive till morning. Tho' very weak, he is entirely conscious of his condition and seems fully prepared to meet death.

President Fillmore visited him on Saturday and the interview was of the most solemn and touching character. Gloom seemed to hang on every countenance as they beheld the approaching demise of the great Statesman and Patriot.

Milledgeville, Ga., April 22.

The Union Convention assembled this morning, and organized with the following officers.

Hon. A. H. Chappell, of Bibb, President. Samuel Fairs, of Walker, and James Thomas, of Hancock, Vice Presidents.

Milledgeville, April 23.

The committee made their report this morning. It reaffirms the principles of the Union party, takes no action upon the Presidency at present, and calls for a Union Convention to make their nomination.

The report was confirmed.

It is thought that a few of the members will send delegates to Baltimore on their individual responsibility.

RELIGIOUS ANNIVERSARIES.—The *Journal of Commerce* of Saturday says:

"The large religious and benevolent societies are making arrangements for the celebration of their anniversaries, now near at hand. The past year has been one of prosperity with them, and the principal institutions, including the Bible, Tract and Home Missionary Societies, have increased their receipts as compared with the previous year, when they amounted to about $1,100,000. It is believed that the income of receipts will fully sustain the ratio of preceding years. An unusual number of returned foreign missionaries will be in the city, and will doubtless, enhance the interest of the occasion.

BUSINESS IN 1836.—During the "paper rage" of 1836, goods were not frequently sold on what would at present be deemed anything but satisfactory. We have heard of a western dealer, who, entering a store in Pearl street, announced himself as coming from the town of Waconda, Ralls county, Missouri, with a desire to make a bill.

'Happy to see you, sir!' exclaimed the merchant addressed, and turning to the clerk said:

'John, look at the map,—do you find Missouri?'

'Yes, sir.'

'And Ralls county.'

'Yes, sir.'

'And the town of—what d'ye call it?'

'Yes, sir, there is a town there,'

Turning to the customer, the merchant says,

'Sir, your references are most satisfactory, and I shall be happy to sell you goods to any amount.'

EGYPTIAN MUSEUM.—The museum of Dr. Abbot, of Cairo, consisting of the rarest and most curious specimens of ancient Egyptian Art and Life, and which is well known to every traveller in Egypt, has been shipped at Alexandria for the United States. This collection is one of the most valuable of its kind in the world. That of the British Museum and of the King of Prussia are more extensive, but are hardly more choice. Among other remarkable objects in Dr. Abbot's collection, is the seal ring of Cheops, the supposed builder of the great Pyramid.

HEART-RENDING ACCIDENT—BOY SHOT.—We are informed on good authority that a most distressing accident occurred at Buffalo Grove, in this county, on Wednesday, which resulted in the death of Geo. Sanders, youngest son of Otis P. Sanders.

The circumstances of the case, as near as we can learn were as follows:—Mr. Sanders took a gun which he had kept loaded in the barn, and went shooting. On returning he left it loaded as before, after having taken the precaution to remove the percussion cap. Mr. Sanders' oldest son coming from the field, and seeing the gun without a cap, naturally supposed it was not loaded, and concluded to have some sport, by frightening two of his brothers, who were in the barn at the time sliding upon a board. He placed a cap on the gun, pointed toward the door and fired.—Just at this moment, the youngest slid down and received the whole contents in his back. He survived but a few moments.—*Chicago Adv.*

THE CAPITOL.—The marble contract for the enlargement of the Capitol is given to John Rice, John Baird, Charles Heebner and Matthew Baird, of Philadelphia county, Pa., the marble required to be procured from the quarries near Lee, Mass., at the rate of sixty-five cents per cubic foot for all blocks of marble containing thirty cubic feet or less, and $1,98 per cubic foot for all blocks of marble containing over thirty cubic feet.

Wisconsin Emigration to Oregon.—Twenty-seven teams have left Blue River country in this State for Oregon. Many more have gone to California.—*Platteville American.*

Gen. Sterling Price, the democratic candidate for Governor of Missouri, is one of the Mexican war heroes.

Terrible Death.—An Irish lad named Corkerey, while near a cog wheel at the File Works, in Waterbury, Ct., stumbled and fell across the wheel, and was instantly drawn into the machinery and torn to shreds.

It being reported that Lola Montes was about to edit a paper in Boston, the Washington *Telegraph* significantly asks if there is no pulpit vacant in the "modern Athens."

Caleb Hathaway, in a fit of insanity, committed suicide on the 13th, at his farm in Milan, Erie county. He was quaker—and one of the pioneers of the "Fire Lands." No citizen was more respected; and his old friends of the Reserve will be deeply pained to hear of his sudden death.—*Cleve. Dem.*

Dissentions in Western Reserve College.—We learn from the Cleveland 'True Democrat' and also from other sources, that unhappy dissentions have arisen at Western College, on account of which a majority of the Faculty and of the Finance Committee, have resigned, and the result, it is feared, would be disastrous to the institution.—*Christian Era.*

The Shah of Persia is twenty-two years of age, and one of the handsomest men in the empire. The Springfield Republican states that when Kossuth arrived at the Massasoit House, and the register was handed him for his signature, he wrote "L. A meteorological correspondent of the Boston Journal states the quantity of rain which fell during the five days of the late storm, at *four and a half inches*, which is one inch more than the usual average of the whole month of April. And the quantity which has fallen since the 1st of April is said to be *ten inches*.

A lawsuit of thirty years standing involving the claim to the quarter section covering the Hot Springs in Arkansas—all the hot springs, eighty in number, and the little town of "Hot Springs" also being included, has been gained by the heirs of Lodovice Belding. Major W. Gaines, brother of the Governor of Oregon, who married one of the heirs and continued the suit to its termination, gets one half as his wife's share. The property is worth at least $200,000.

STONE HOUSE AND LOT FOR SALE.

The above property is situated in Beloit, Wisconsin, a thriving village in the Rock River Valley, and will pay ten or twelve per cent on the investment now, and its value will doubtless be doubled, when the branch of the Chicago and Galena Railroad is completed to that point, where it is to terminate.

Beloit now contains some 3500 souls, mostly from the southern states; a College, presenting an opportunity for parents to educate their children at a small expense; five Churches, well attended; three Flouring Mills; a Woolen Factory; an Iron Foundry, and all kinds of machinery and mechanics found in the older states.

TERMS OF SALE.—One-third of the purchase money to be paid down, and the balance can remain for a term of years on bond and mortgage, at 12 per cent; or, will be taken in payment, the erection of a Building in the city of Milwaukee.

For further particulars inquire of the subscriber, corner of Oneida and Main streets, Milwaukee; or of Doct Hervey Smith, Beloit.

CITY MATTERS.

HYDRAULIC COMPANY.—The books of this Company are to be opened for stock subscriptions on the 15th inst., at the United States Hotel. This is a very very important enterprise. How essential to the health and comfort of our citizens is an abundance of pure, fresh water! To say nothing of its convenience at fires. By laying down the water and gas pipes at the same time, a great saving of labor may be attained. Success to the cold water enterprise.

GRATIFYING.—It is now a "fixed fact" that navigation is fully opened, and it is pretty generally believed that spring has actually commenced. These facts are indeed cheering, and imprat a new impulse to life—a fresh impetus to every department of trade. The laborer, whose family is dependent upon his daily exertion for their subsistence, will now be relieved from absolutely begging for employment from door to door.

The prospect of doing a brisk business through the season seems to brighten up materially, and better times are looked for with some degree of confidence.

FRUIT AND ORNAMENTAL TREES.—Mr. Cahoon, whose advertisement has been for some days past in our paper, arrived by the mail boat last night, and may be found this afternoon at his old stand at the East End of Spring Street Bridge, with a full supply of Shrubs, Shade and Fruit Trees, Gooseberries, Currants, Dahlias, and his justly celebrated *Mammoth Pie Plant*. Just in time for our citizens. See his Advertisement.

☞ The steamer Gen. Harrison, which was drifting about off Waukegan yesterday, for a short time, in consequence of her pipes becoming clogged, arrived in port at daybreak this morning, and left again for Green Bay about 10 A. M.

☞ Christopher Just, who broke jail some time ago, and was apprehended here last week, was, on Saturday night last, again introduced to the inside of Shuboygan jail.

☞ See Notices of Second Ward Street Commissioners.

CIRCUIT COURT.—William Schnitzler *vs.* Propeller Princeton. Action to recover the value of sundry goods alleged to have been lost from the Propeller Princeton. Jury empanneled and cause in progress. Doran & Smith and D. E. Cameron for Plff. Brown & Ogden for Deft.

FAMILY FLOUR.—It's a secret worth paying for, to know how to have good bread. In the first place, then, you must have good flour, for you can no more make good bread out of *poor* flour, than you can make a whistle out of a pig's tail. Mr. SENCOMB, grocer, on West Water street, a few rods north of Spring street, has the best flour we have tried in a long time, and equal to any we ever used here or elsewhere.

☞ Messrs. ATKINS & STEEL are opening a very fine assortment of boots, shoes, buskins, and slippers, of all sizes and patterns, and prices. We like to trade with them, and we believe the *understanding* public will. See their advertisement.

EXAMINATION OF THE MILWAUKEE COLLEGIATE INSTITUTE.—We condense the account handed us by a friend. The examination lasted three days and was very thorough. There was no attempt to gloss over imperfections and to "show off" the pupils, but what their real attainments were, and no more, were disclosed. The result was most creditable to pupils and teacher, and most satisfactory to their friends.

Prof. Buck's course of instruction is comprehensive and thorough. He has had long experience in his profession, and many of his pupils are now successfully engaged in teaching. He has a fine cabinet of minerals and shells, and a good philosophical apparatus, and astronomical and geographical maps, for illustrating the various branches taught in his Institution. Success to the educators of the young.

GERMAN CLASS.—Mr. Roesler's first German class meet at 7 o'clock, this evening, in Juneau's Block. Gentlemen desirous of becoming members of this class will please signify it by applying to Mr. Roesler to-day, at the office of Albert Smith, Esq.

CRICKET CLUB.—The regular meeting of the Cricket Club comes off at 3 o'clock, this afternoon.

☞ See notice of the Aldermen of the 1st and 3rd Wards, inviting plans and proposals for building a Bridge across the river from Cherry to East Water street.

☞ We call attention to Williams Lee's advertisement,—House and lot for sale at Beloit.

☞ Gentlemen have commenced donning the straw hat; rather cool yet.

☞ A secret society of Germans, called the "Pious Society"—numbering about one hundred members—dressed out in regalia, collected at the German Catholic Church this morning, and after holding religious exercises for a season, made a passage through some of the principal streets, accompanied by a band of enlivening music.

☞ JACOB FINK has removed his Cabinet shop to 209 East Water street.

Frozen to Death in April.—An intoxicated man named Platt Smith, was found frozen to death on the morning of the 4th ult., about two miles from Fort Ann. When last seen alive, he was in a state of beastly intoxication.

Yankee Inquisitiveness.

A gentleman riding in an Eastern Railroad car, which was rather sparsely supplied with passengers, observed in the seat before him a lean shbsided Yankee; every feature of whose face seemed to ask a question: and a little circumstance soon proved that he possessed a most "inquiring mind." Before him, occupying the entire seat, sat a lady dressed in deep black; and after shifting his position several times, and manoeuvering to get an opportunity to look her in the face, he at length caught her eye. He nodded familiarly to her, and asked, with a nasal twang utterly incapable of being imitated—

'In affliction?'

'Yes, sir,' replied the lady.

'Parents—father or mother?'

'No, sir.'

'Child, perhaps—boy or gal?'

'No, sir—*not* a child. I *have* no children.'

'Husband?'

'Yes.'

'Hem, cholery?—a tradin'-man, mebbe?'

'My husband was a sea-faring man—the captain of a vessel. He didn't die of the cholera; he was drowned.'

'O, drown-ed, eh?' pursued the inquisitor, hesitating for an instant. 'Save his *chist?*' he asked.

'Yes, the vessel was saved, and my husband's effects.'

'Was they?' asked the Yankee, his eyes brightening up.

'*Pious* man?' he continued.

'He was; a member of the Methodist church.'

The next question was a little delayed, but it came.

'Don't you think you've great cause to be thankful that he was a pious man, and saved his *chist?*'

'I do,' said the widow, abruptly, turning her head to look out at the car window.

The indefatigable 'pump' changed his position, held the window by his "glittering eye" once more, and propounded *one* more query in a lower tone, with his head slightly inclined forward over the back of the seat.

'*Was you cal'lating to get married agin.*'

'Sir!' said the widow, indignantly, 'you are impertinent!'

And she left her seat, and took another on the opposite side of the car.

"'Pears to be a little huffy!' said the bore, turning to our narrator, behind him. 'She needn't be mad; I didn't want to hurt her feelin's. What did they make you pay for that umberel you've got in your hand?' It's a real pooty one!'

ETIQUETTE.—The *National Intelligencer* has a correspondent who proposes a series of numbers on this subject, and the *Telegraph* tries to condense into commands what he demonstrates by argument. Some of these commands may by trite:

1. Before you bow to a lady in the street, permit her to decide whether you may do so or not, by at least a look of recognition.

2. "Excuse my glove," is an unnecessary apology; for the glove should no; be withdrawn to shake hands.

3. When your companion bows to a lady, you should do so also. [When a gentlemen bows to a lady in your company, always bow to him in return.]

JOHN P. HALE.—There is no distinguished political man in the country who occupies a more enviable place in the public esteem, despite his anti-slavery position, than John P. Hale. There is a moral sense in men which teaches them to admire true moral worth in others, though they have not the virtue to imitate it. The press of different parties, in noticing Mr. Hale's prospective retirement from the Senate, speak of his career in that body in terms of the highest praise. Mr. Raymond of the *N. Y. Times*, concluded an eulogistic notice as follows:—*Christian Era.*

"Hale certainly persisted through all manner of report in his good nature, and deserved, if he did not always win, the palm. For ready wit and spirited retort, the Senate has never possessed his equal. Had his humor been a little less kindly, it might have spared him such ungenerous and ungentlemanly allusions as those indulged in a day or two ago, by Mr. Senator Borland. But the genial nature of the wit was proof to all sorts of assaults. It has lived down a swarm of prejudices. Notwithstanding his alleged abolitionism, it is hardly too much to say that Mr. Hale possessed as much personal popularity, and exerted as much personal influence in the Senate as any other member. They who have occasion to employ the mediation of any Senator to forward a private claim, will bear witness to the favor with which the suggestions and advocacy of Mr. Hale were uniformly received among his colleagues.

Upon his approaching retirement from the Senate, and resort to private and quiet life, we feel constrained to certify that Mr. John P. Hale has exhibited, throughout his buried and struggling political existence, as much of talent, sense and acumen as was possible in the position he occupied; more of amiability than is at all common in company with such wit. As this "character" is not intended for any other than private use he will be kind enough to refrain from employing it at Pittsburgh."

☞ The death of the Assistant Treasurer, has caused no little inconvenience in our financial circles; there is no provision in the law for such an emergency, and the vaults are under seal, and must be kept so until the commissioners appointed by the Secretary of the Treasury, have examined the accounts of the late incumbent, and made their report. The drafts on the Sub-Treasury which have come forward, have, most of them, been protested to secure the present holders, as no disbursements can be made, until a new Treasurer is appointed, and has given sufficient securities.—*Jour. Com.*

It is stated in the Cherokee *Advocate*, that John Ross, Chief of the Cherokee Nation, has discovered an error in the survey of the State line of Arkansas. By this error the Cherokees are deprived of a strip of land, containing a population of 9000 persons, worth a million of dollars, running along the whole breadth of the State, from the Missouri line to Red River, and varying from nine to nineteen miles in width. Ross's new survey cuts off portions of Benton, Washington, Crawford, Sebastian, Scott, Polk, and Sevier counties. Fort Smith will fall into the Choctaw Nation; Van Buren, Evansville, Boonsborough, and Sylvania, will fall into the Cherokee Nation.

THE NEW AND WELL-KNOWN

ABOUT SIXTY ACRES OF LAND,

WHICH is surveyed into VILLAGE LOTS, on which there are two good DWELLING-HOUSES, convenient to the business of the town. The Mill is in successful operation, and is prepared to do good custom and merchant work.

The village of HORICON is located on Rock River, at the foot of Lake Horicon, in Dodge county, in this State. In one of the richest and most fertile portions of Wisconsin. Its WATER POWER is equal, if not superior, to any one in the State, and is capable of driving any amount of Machinery. Horicon has advantages that no other point in the country possesses, it being the nearest place to touch at from all the northwestern travel. The

Milwaukee and Lisbon Plank Road

is located to this town—is graded 22 miles, and planked 18 miles west of Milwaukee. The

Union Valley Rail-Road,

from Fond du Lac to Janesville, runs through the place, and is selected as one of the points for a Depot. The site of the village is one of the most beautiful and romantic in the entire State. It was the home, thirty-two years ago, of the celebrated Indian war chief, BLACK HAWK. The place is growing fast, and is situated between the heavy timbered oak openings and prairie lands. The timbered lands afford plenty of LUMBER and TIMBER for all the surrounding country.

HORICON contains about three hundred inhabitants. There are four Stores; two Taverns, two Saw-Mills, three Cooper Shops, two Waggon Maker's Shops, two Cabinet Shops, one Machine Shop, two Tailor Shops, and two Shoemaker Shops.

The attention of Millers and Capitalists is invited to this property.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drug ging, and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the **GALVANIC BELT** suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed in a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a galvanic circulation which will pass on to the negative, influence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

CURE OF

RHEUMATISM, BRONCHITIS, AND DYSPEPSIA

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE? My reply is as follows:

For about *twenty years* I had been suffering more Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen* years since in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year caused me indescribable anguish. Further: In the winter of '45 and '46, in consequence of preaching a great deal, in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus exciting that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous system; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAS I SINCE OMITTED A SINGLE SERMON ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Head such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S
GALVANIC BRACELETS

Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affection of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

☞ Many hundred Certificates from all parts of the country of the most extraordinary character can be given, if required.

☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable*. They can be sent to any part of the country.

This valuable work has just arrived at

C. OTT'S BOOKSTORE.

It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april 22

GREAT WESTERN

STOVE DEPOT!

Nos. 87, 89 and 91, East Water street,
MILWAUKEE

THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY*, (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers

A bottor article of Stoves

and at LOWER PRICES, than can be bought at any place west of Albany.

From an experience often years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the

PRESQUE ISLE FOUNDRY STOVES

excel all others brought to this market. The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.

Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air Tights." The Lion is a diving three flue stove, with two tops, one for barrel or five pail kettles, and the other for boilers, tea-kettles, pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.

The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.

Of the above mentioned Stoves we might give over 500 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do not deem it necessary. We have also every variety of

Premium and Double-Oven Cooking,

From No 1 to 6; also a great variety of

AIR-TIGHT PARLORS!

of splendid patterns, with and without folding doors, together with an endless variety of

PLATE AND COAL STOVES,

all of which we respectfully request you to call and examine before purchasing.
